Hill Top Lodge Is Opened Today As Big Project Over

Many New Facilities Added To Bring Resort To Top Standard

Truckee's New Year gift to the winter sports world—the new and modern Hill Top Lodge—is opening today.

Purchased from the Truckee Public Utility District last July, the facilities at the local resort center have been completely rebuilt, modernized and added to making it one of the most complete winter sports centers in the area.

Owned by Mr. and Mrs. Harry Herzog of North Sacramento, Hill Top will be managed by Mr. and Mrs. Eugene Stark, who have been busy since the purchase putting in new equipment and housing facilities.

The new Pomalift, recently arrived from France will be in operation this weekend. It is 2200 feet long and provides skiing for the expert as well as the beginners with its range of runs. Another addition is the 400-foot rope tow for the youngsters. Both these facilities are new and electrically operated.

The spacious lodge now contains an attractive cocktail lounge, cafeteria and dining room with a gift shop and ski equipment center. In the latter provisions have been made for rentals as well as sales and repairs.

A new 160-bed dormitory was recently completed and provides sections for both men and women.

The seven-unit, two room apartments have been completely renovated and refurnished and a 12-unit, three-room apartment is currently under construction and will be ready for occupancy about February 15, Stark said. These apartments have central heating and are modern throughout.

Two additional apartment houses as well as several residences are in the plans for the future.

Everyone is invited to attend the opening of the resort and scan the many improvements which have been made during the past few months.

There is unlimited parking on the premises within a few yards of all slopes and accommodations.

A certified ski instructor will be on hand to assist.

"We only ask that you come once, after that we are confident we shall see you often," Stark declared. "Make this winter vacation outstanding with a stay at Hill Top Lodge."

PLANNING GROUP TO HOLD LOCAL MEET

The Nevada County Planning Commission has completed a final hearing on the West Camp application for R-1 zoning of Martis Valley Estates on the Brockway shortcut and Consultant A. T. Parsons was instructed to prepare amendments to the zoning ordinance to present to the board of supervisors at their next meeting.

The first hearing on an "intention to zone" a Donner Lake area for subdivision was slated for the next meeting of the planning commission at Truckee on January 25.

West Shore tract, Donner Lake Development Company, received approval as to land use of eight lots, subject to all subdivision requirements.

Petition for land use of Jack Ellis' service station and bulk plant at Donner Lake was tabled for proper presentation and plan, with a hearing set for Truckee on January 25.

The petition for a use permit for a trailer court (Guest House Motel) at Truckee was also held up for proper presentation and plan by W. T. Woods.

COPELAND BABY IS BORN AT HOSPITAL

Herbert Victor Copeland, eight pounds, six and a half ounces, arrived at the Tahoe Forest Hospital Wednesday, December 23 to Mr. and Mrs. Herbert Victor Copeland, Sr. Dr. Dan Wiser was in attendance. Mr. and Mrs. A. L. Davidson are the baby's maternal grandparents. Mrs. Susie Copeland is the paternal grandmother.

Island Station—

George Kenyon, Jr., stationed with the U. S. Navy at Treasure Island has spent the holidays at the home of his parents, Mr. and Mrs. George Kenyon of Truckee.

Cooperation Asked By Patrol To Keep Excellent Record

"If the motoring public will cooperate during the New Year's weekend as well as they did during the Christmas holiday, we will all start the new year happily."

This statement by Sergeant Frank Snyder of the Truckee substation of the California Highway Patrol came with his report that only one minor injury accident was recorded in this area during the period from Wednesday to Monday noon.

There were only 35 citations for moving violations issued during the period and not one for drunk driving.

This was a good record despite the stormy conditions and slippery roads which required skid chains from the state line to Baxter part of the time.

Snyder urges all motorists to use extreme caution during the coming weekend and avoid mixing alcohol with their driving and to be courteous, careful and considerate.

Dr. Wiser Here To Join Nelson Staff

The community last week welcomed Dr. Ray H. Wiser, who arrived from Auburn to become associated in the practice of general medicine with Dr. L. D. Nelson at their offices at Gateway Shopping Center.

The newcomer has completed three years in surgery and one year of internal medicine at the San Joaquin General Hospital where he also interned, following his graduation from the University of California School of Medicine.

More recently, Dr. Wiser has been assistant medical director in Placer County, a position he resigned in order to associate with Dr. Nelson in this area.

Dr. Wiser is married and they have four children, two boys and two girls. They have rented the F. L. (Slim) Jenkins house at Donner Lake and are establishing their new home there this week. All members of the family are winter sports fans and even the youngest, although only 18 months old, is equipped with skis.

Dr. Nelson said he is proud to have been able to secure the services of Dr. Wiser who comes to Truckee highly recommended and with a good medical background.

SPARKS MAN GUILTY OF DRUNK DRIVING

Raymond Joseph Amos of Sparks, Nevada, was found guilty of felony drunk driving by a Nevada Conty Superior Court jury.

The jury of six men and six women deliberated for only half hour.

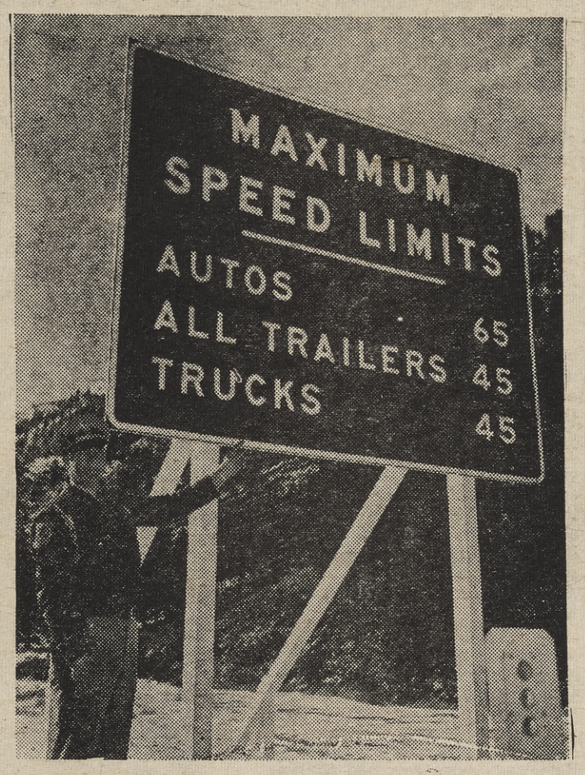
Assistant District Attorney Leo Todd called several witnesses including driver of the car struck headon by Amos, Earl L. Nelson, and the two California Highway Patrol officers, Patrolman Nick Comolo and Sgt. Francis H. Snyder.

The collision occurred on U. S. 40, five miles east of Truckee.

Amos is now being held at the county jail until his sentencing on Jan. 8.

WHITE INJURED BY FALL, IN HOSPITAL

C. B. White, prominent and well known Truckee resident for more than half a century, fell while shoveling snow from his porch Saturday and suffered a severe break in one leg near the knee. Following treatment at the Tahoe Forest Hospital, he was removed to Sutter Hospital at Sacramento for specialized treatment and to be near his son and family.



Typical of the signs being installed by the State Division of Highways at all highway entrances to California is this sign on U. S. 40 east of Truckee. The Highway Patrol officer pointing to it is Sgt. Francis H. Snyder. The new 65-mile speed limit for automobiles becomes effective January 1, 1960.

65-Mile Speed Law Effective On Friday

Strict enforcement of the 65 mile an hour speed law which goes into effect on January 1 was promised today by Bradford M. Crittenden, Commissioner of the California Highway Patrol.

"The California Highway Patrol supported the new speed limit bill when it was before the legislature last spring because we believe that it will help reduce the slaughter on our highways caused by uncontrollable, runaway speeds," Crittenden declared. "Now that we have the law on the books, I am determined to save every life we can possibly save through its strict enforcement.

"The law fixes the maximum legal speed at 65 miles an hour and that is exactly how the patrol will enforce it."

Crittenden emphasized that the 65 mile limit will apply only on highways that have not been posted for a lower maximum speed by the State Department of Public Works.

"Many stretches of highway outside of cities will be posted for speeds lower than 65 miles an hour, and the California Highway Patrol will enforce these lower limits just as it has in the past," he declared. "The posted limits, which range from 60 to 25 miles per hour, indicate the safe speed for the areas as determined by traffic surveys, and motorists who violate these limits will be arrested."

HIGH SCHOOL PTA TO MEET ON JANUARY 14

The next meeting of the High School P-TA on January 14 will be held at the High School and the program will consist of a spelling contest between the champion spellers of the high school against the parents.

Last year the adult spellers outspelled the students, but it was a close race.

Visit Daughter—

Mr. and Mrs. Norman Orford of Kings Beach visited their daughters family at Walnut Creek during the holiday.

In Santa Rosa—

Mrs. Eve Hallett spent Christmas with her son-in-law and daughter, Mr. and Mrs. Robert Hall at Santa Rosa.

SUNBEAMS

By WALTER M. BARRETT

The record of safety set during the Christmas weekend on the highways in this area was one of which the motorists can be proud. One minor injury accident and only 35 citations for moving violations. Not a single drunk driver. However, that record is in the past and has little bearing on the coming New Year's weekend. If the same care and courtesy is used, there is no reason why the coming period cannot equal the Christmas record but that's up to each and every individual driver. We suggest that if you drive you don't drink and that you obey all the rules and regulations and observe all signs. Speed is a killer, so take it easy and enjoy the new year.

The staff of the Sierra Sun sincerely wishes for each of you a very happy and prosperous New Year.

ANDOVER STATION CLOSED BY RAIL CO.

The Southern Pacific Company has been granted permission by the public utilities commission of California to close its station at Andover between here and Donner Summit.

The order, issued December 21, shows that no passenger or freight business has been transacted at the station during the past two years and that it has been found that public convenience and necessity no longer requires the maintenance of service.

The company has been authorized to abandon its non-agency station and to cancel all tariffs and time schedules applying there.

Home From School—

Home for the holidays are Miss Judith Loynd, at the home of her parents, Mr. and Mrs. E. L. Loynd, Miss Linda Loynd is vacationing with her parents, Mr. and Mrs. Walter Loynd. Both young women are attending university.

Figure Skating At Squaw Is Set For Coming Weekend

Pacific Coast Champs Will Compete In Arena Starting Today

The 1960 Pacific Coast figure skating championships will be the inaugural event for the magnificent, 8500-seat Olympic Ice Arena at Squaw Valley, site of the VIII Olympic Winter Games.

The figure skating meet will be held Dec. 31 through Jan. 2, and is being sponsored by the St. Moritz Ice Skating Club of Berkeley and the Organizing Committee for the VIII Olympic Winter Games.

Competition will be held in the following classifications: senior men, senior ladies, junior men, junior ladies, novice men, novice ladies, juvenile boys, juvenile girls, senior pairs, junior pairs, and bronze, silver, gold and veterans' dance.

The Dec. 31 program will be held during the day only, while the Jan. 1 and Jan. 2 schedules will be divided into day and evening sessions.

Admission prices are $5 for the entire season, $3 for either Jan. 1 or 2, and $1 for December 31. Tickets may be purchased through the Olympic Winter Games offices at 333 Market Street in San Francisco or through the St. Mary's Hospital Guild in Reno.

Tickets are being sold at Tahoe Inn, Kehoe Store, Village Store, Squaw Valley Lodge, Ruth Atkins, Donna's Apparel and the Tee Pee Shop.

Electric Lines Are Being Renewed

The board of directors of the Truckee Public Utility District Tuesday night authorized the employment of two additional linemen and one groundman in a drive to cleanup some inadequacies in portions of the electric system.

Recent storms brought out the fact that some power lines are not adequate for the heavy load being placed on them by increased usage.

A survey made last summer of the entire electric system and the engineers informed the district what steps are necessary to correct the situation and place the system in shape for future development. It is this recommendation which the board is following and while it may take some time to bring the system up to adequate standards, work is starting immediately to make corrections.

New lines, transformers and other essentials will be required, Manager Daven Morey declared, but the needed money is now available and the program is starting at once.

NEW QUARANTINE STATION WILL OPEN

The new state quarantine station on the freeway near the high school will be open tomorrow morning at 8 o'clock and both east and west bound traffic will be checked there, eliminating the present detour over old Highway 40 between McIver's and the Donner Monument.

The station was scheduled to have opened two weeks ago but delays in building caused a postponement. There is still some work to be done but it was decided to start utilizing the new station on New Year's Day.

Dolleys At Santa Cruz—

Mr. and Mrs. N. F. Dolley returned from Santa Cruz where they spent Christmas with his parents, Mr. and Mrs. Fred Dolley.

20-30 Club Plans To Reactivate At Meet January 6th

Martin Galantuomini, district governor of the Nevada District and William Royle, sub-district governor of District No. 3 of the Nevada District of 20-30 International, will pay an official visit to the 20-30 Club of Truckee No. 344 January 6.

The primary purpose of this visit to the Truckee Twenty-Thirtians will be to assist them in rebuilding their club. The Truckee 20-30 Club in the past eight months has become inactive after many years of community service and many successful development projects. All young men of Truckee, past members or not are urged to attend this meeting. The age limits of 20-30 are 20 years to 39 years of age. Anyone else who may be able to offer assistance is welcome to attend. The meeting scheduled for January 6, will be held at Smart's cafeteria at 7 p. m.

Now the largest young men's service club in the Western Hemisphere, 20-30 International has local units in eleven countries of the Americas. Its objectives are service to the community and the development of young business and professional leaders.

Foremost among its projects is the 20-30 Rheumatic Fever Foundation which annually contributes funds to the support of medical research centers in the United States. Also the participation in the sponsorship of foreign students in local high schools has become a popular project.

Dr. Pier Head Of Local Medic Staff

At a recent medical staff meeting of the Tahoe Forest Hospital, Dr. Gardiner Pier was elected chairman and chief of staff and Dr. Monica S. Briner was chosen secretary of the active medical staff for 1960.

The board of directors approved the elections and the following staff for privileges in the hospital during the year:

Active medical staff: Monica S. Briner, M. D., W. Douglas Brodie, M. D., Ben R. King, M. D., L. D. Nelson, M. D., Gardiner Pier, M. D., Walton Prescott, M. D.

Associate medical staff: Edwin O. Hendrickson, M. D.

Courtesy medical staff: George I. Scheetz, M. D., Allen L. Sklar, M. D. and Dan H. Wiser, M. D.

Courtesy dental staff: Robert W. Affeldt, D. D. S., Hillard Holmes, D. D. S.

SYMONS LEAVE FOR TRIP THROUGH EAST

Rev. and Mrs. George Symons of the Church of the Mountains in Truckee left on the City of San Francisco Monday for New York state where they will visit relatives and he will also attend the program for inter city churches.

Rev. Symons also plans to visit Kenwood Ellis Church and community center in Chicago before they return home in January.

Kenneth Smith, lay minister of Kings Beach will fill the local pulpit during Rev. Symons absence.

ROYAL ARCH TO SEAT OFFICERS AT MEET

The Royal Arch Masons will hold installation of officers at Masonic hall January 9. The ceremonies will be preceded by a pot luck dinner at 6:30 p. m. and a charge of $1.50 will be made. The profits from the dinner will go to the scholarship fund sponsored by the DeMolay and Rainbow chapters.

All members of the Masonic orders, the Eastern Star and guests are invited to attend.

Christmas Storm Provides Snow In Winter Sport Area

6½ Inches Of New Snow Falls Here; More In Ski Areas

After all the dry weather and fears that it would be a black Christmas, a storm swept in across the state Christmas eve and deposited 6½ inches of snow in Truckee with considerably more on Donner Summit and at Squaw Valley.

This gave assurance of ample snow for most winter sports and provided the entire area with its anticipated white Christmas.

Although the weather made driving hazardous, no major accidents were reported and the chain control was on from the state line to Baxter for a while, being removed Saturday for the entire route.

Following the storm Thursday, Friday turned out right and cold with the temperature dropping to a chilly 3 below zero on Saturday morning. The high for the week was reported by the U. S. Forest Service at 35 degrees on Monday.

Precipitation for the storm totaled only 1.21 inches, the forest service said.

Orthopedic Clinic Opens On Summit

Edwin O. Hendrickson, M. D., has arrived to open his Donner Summit Orthopedic Clinic in the Soda Springs Lodge.

Dr. Hendrickson who specializes in orthopedic surgery, has been practicing in Los Angeles for the past 10 years. He is a native of Pennsylvania and was active as a youth in Boy Scout work, being a scout master at 17.

He attended John Hopkins University at Baltimore for his premedical courses and studied at the University of Maryland School of Medicine and interned at the Union Memorial Hospital in Baltimore. Dr. Hendrickson took post graduate courses at the U. S. Marine Hospital in Baltimore and the Fitzsimmons General Hospital at Denver and the Santa Monica Hospital.

He was on the staff of the Queen of Angels Hospital and the Midway Hospital in Los Angeles before going to the Doctors' Hospital in Beverley Hills and later to the Culver City Hospital. He served as flight surgeon with the U. S. Air Force in Germany in 1950 and was ship's physician on the President Monroe in a trip around the world in 1955.

Dr. Hendrickson has been admitted to the staff of the Tahoe Forest Hospital and the day after his arrival performed a reconstructive bone surgery on a spiral leg fracture.

His hobbies are hunting, fishing and winter sports and for that reason decided upon this community as an ideal location.

OLYMPIC ARENA TO BE NAMED FOR BLYTH

The beautiful, 8,500-seat ice arena at Squaw Valley, theme building of the 1960 Olympic Winter Games very fittingly will be named after Charles R. Blyth, chairman of the California Olympic Commission from September, 1955, until his death August 25.

Blyth devoted much time and effort in behalf of the games and was one of the foremost advocates of the Olympic program. He was a prominent San Francisco civic leader and financier.

Dedication ceremonies will take place at noon on February 18, two hours prior to the opening ceremonies of the games. Mrs. Blyth and dignitaries from the governments of the United States and California will attend the ceremonies.

Blyth Arena will be the scene of the figure skating competition and ice hockey.

NEW YEAR PARTY AT EASTERN STAR MEET

Truckee Chapter No. 116, O.E.S. will meet Tuesday evening, January 5 in Masonic Hall, with Worthy Matron Margaret Craig and Worthy Patrol Sam Faulkner presiding over the initiation ceremonies.

Hilda Hintz will be chairman of refreshments with her committee and a New Year's party will provide the theme.

There are 47 hot springs in the government-operated Hot Springs National Park in Arkansas.

West Shore Notes

By NINA SLADE
LAmbert 5-7751
P. O. Tahoma, Lake Tahoe

By now you have only 363 days left until next Christmas. May 1960 be all you hope it to be.

* * *

Mr. and Mrs. Ivan Wilson were happy to have their daughter and husband, Mr. and Mrs. Carl Silverman of San Francisco, and son Doug of Sacramento State, home for the holiday season.

* * *

Everyone is glad to learn that Postmaster Elizabeth Bavier's condition is improving. Mrs. Anna Mae Higgins is serving well as acting postmaster for the Truckee post office. She's been Mrs. Bavier's right hand for some three years so the job doesn't feaze her.

* * *

That nice new fence around the Tahoe Lake School, the result of campaigning by the P-TA members in the interest of child safety in and around traffic, cost $1,400. The amount was not assigned in the budget and the board is seeking donations to help pay for it. The Tahoe Squaws voted $50 to assist in the fence fund. It behooves all of us to aid in this important and much-needed safety measure.

* * *

Jim Machen and family of Yuba City were enjoying the holiday and the snow last weekend. Jim is a stepson of Herman Henke of the Tahoe Marina.

* * *

Mr. and Mrs. Larry H. Barnett were at their Tahoe Sierra Estates home for the weekend holidays. Just recently married, Mrs. Barnett was formerly Colusa County tax collector and treasurer. The couple have four sons between them, two Barnetts and two Comforts. Both Barnetts are golfers and members of the Tahoe City Golf Club.

* * *

Bob Lynch of Meeks Bay miraculously reduced the feline population of his family at a delicious liver Christmas dinner to five, from eight the previous week. To his amazement, a former Meeks Bay Resort guest happened by and when Bob inquired if he'd like some cats, the man leaped at the offer and took three back to his ranch home near Petaluma.

* * *

Lake Tahoe looks splendidly regal in her mountain draped ermine robes.

* * *

Glen Kuykendall of Tahoe City picked the right day, Dec. 24, for the first snowfall, but the depth at Tahoe Inns brick wall must be six inches to win. So far no one wins the snow pool.

* * *

Christmas brought remembrances and reminders from many nice people of Tahoe. "Swanee," of Marysville, who used to write this column and knows so much about the region and so many of Tahoe old-and-young-timers sent a cheery greeting and perked up our spirits by declaring she reads and likes our news. She inquired about Jim Wilson of Tahoma who is now basking cozily in the desert sun at Thermal, California. His address is Rt. 1, Box 369-A, Thermal.

* * *

Mrs. Jean Callender is with her sister in Santa Rosa after hospitalization for medical tests and examinations.

* * *

Mr. and Mrs. Jake Obexer of Homewood have returned to Lincoln. Young Jake, son of Herb and Edna Obexer, has been getting in some fishing, and supplied Christmas trees (trimmed) for Edna's post office and the home.

* * *

Euel and Arlis Pritchett of the Homewood market postcard that they are wintering in Brownsville, Texas.

* * *

Ronnie Morris and his wife are living in the apartment over the Homewood post office.

* * *

Mr. N. R. Mayfield of the Tahoe Boat Company reports there's a possibility that the company will be incorporated soon.

* * *

Some eight break-ins were reported in cabins at Don Huff's Homewood Lodge and gas tanks in that area were drained several weeks ago.

* * *

The Ray Brooks of Tahoma spent the holidays with their family in Modesto.

* * *

Bill and Marge Ziebig have enlarged the dining room of their Chicken House in the old telephone building on Highway 89.

* * *

Mr. and Mrs. J. Philip Murphy and children are at their new Squaw Valley home. Young Jeannie has just finished the "deb" rush at Piedmont. The Murphys purchased the William Kent house at the lake last year and the Squaw Valley place is for the children and their skiing aficionados. The Murphys will salute the New Year with a party, as will the John Phillips.

* * *

Visiting Ken and Mary Oliver of the Union Oil Station, Tahoe City, were his brother-in-law and sister, Ralph and Lucille Cyewski of San Bernardino.

* * *

Carl and Yvonne Bechdolt were hosts to the family at Christmas. Santa Claus always leaves all their gifts at Carl, Sr.'s so they pick them up there. Mr. and Mrs. Leland Steffenson, Sr. of Newman, are guests of the senior Bechdolts for New Year's.

* * *

Mr. and Mrs. Phil Geier went down to Orinda for Christmas but were back home for the New Year.

* * *

Mr. and Mrs. Gordon Brown and son left Tuesday for North Hollywood to visit their daughter.

* * *

The Tahoe Inn was thronged with guests celebrating the annual New Year's party.

* * *

We've always been enchanted and intrigued with Yvonne Bechdolt's hats. This Christmas she sported a Christmas gift—a handsome white nylon stocking cap bedecked with roses and sequins.

* * *

Despite the Christmas Eve storm there was a good attendance for services at Tahoe churches.

* * *

Mrs. John Flagg is in La Canada for the holidays with her son Marlin.

* * *

Skaters on the outdoor rinks at Squaw Valley gave that area a Currier & Ives air in the waning sunlight. The valley was teeming with skiers and visitors.

* * *

Ruth Droste of West Los Angeles sends holiday greetings and New Year good wishes to everyone at the lake.

* * *

Mr. and Mrs. Warren Porter are enjoying a visit from their daughter and son-in-law, and Mrs. Porter's brother and sister-in-law.

* * *

The five cats of Bob Lynch at Meeks Bay might envy the four cats belonging to Yvonne Bechdolt. The Bechdolts four 17-pound pussycats had kidneys and ice cream for Christmas.

* * *

We learned from Alice Wirtz of Squaw Valley that the Bear Pen Christmas party was much fun and at the New Year's party there was champagne on the house with every dinner. Alice says that Caroline Campbell, former ski instructor at Squaw Valley, was married recently to Jack Gossman in Seattle. The couple will live there.

* * *

The Jay Shontz's had a gay Christmas party for many of their friends.

* * *

Bill Bechdolts new Travelodge was officially opened last Monday. Wendell Russll of Russell'n Pines had his first guests in the new seven-story motel last weekend and plans to open a cocktail lounge and restaurant to seat about 60 before the Olympics.

* * *

Mr. and Mrs. Douglas Smith who have been wintering with the N. R. Mayfields at Tahoe City spent Christmas in Auburn with Mrs. Smith's father, Judge Erskine, and her sister and husband, Mr. and Mrs. Archie Scott.

* * *

Lewis Fellows who is attending San Jose State College enjoyed the holidays at Carnelian Bay with his parents.

* * *

U. S. ski squad trainee Jimmy Heuga journeyed from Aspen, Colorado to spend the holidays with his family in Lake Forest.

* * *

Mrs. Annie Soll's daughter and son-in-law sent Christmas with her.

* * *

The sad news of the funeral of

DONNER DOINGS

By VIRGINIA O'BEAR

In the classified section of the Sierra Sun there is an advertisement offering vanilla and black pepper for sale. In case you are wondering, the Ladies Auxiliary of the Donner Lake Fire Department are selling it to get a coffee maker for the Donner firemen so it can be put in the new firehouse. It is for a good cause so even if you do not need these items right now, why not buy them for future use. It would be appreciated if you contact Mrs. Rex Reid for your vanilla and pepper.

* * *

A white Christmas was enjoyed by our family and relatives and everyone went back to Santa Rosa wishing they had the wonderful environment that we have in the winter. We had our old fashioned tree and when we sat down to Christmas dinner there were sixteen of us. Our out of town guests were Mom and Pop O'Bear, our daughter Andrea and her husband, Jim, brother-in-law Charles Clark with his son Chuck and daughter Carol, our son Chuck from Santa Rosa, Mr. and Mrs. William McMichael. Mr. and Mrs. Charles Waite and daughter Sharon and their nephew, Preston Paul came up Monday and will be with us a few days as Chuck has a few days off from the sheriff's department in Santa Rosa. Talk about confusing, we had a lot of Charles' around here this past week and it's a good thing some had nicknames or I would have really been going around in circles. Anyway, we had a wonderful Christmas and hope everyone else did, too.

* * *

Donner Lake Resorts will have their dinner and business meeting at Donner Lake Lodge on January 3. The meeting will start promptly at 7:30 and motel owners are encouraged to take other business people at Donner Lake as their guests. Reports will be given on the progress of the letterheads and envelopes and other important matters will be discussed.

* * *

Please reserve January 11 to meet with the Nevada County Planning Commission at the Tahoe Truckee High School. The meeting will start at 7:30 and it is for the purpose of zoning Donner Lake. We should put in an appearance as that is just as necessary as the petition you signed. People that are interested in the future of Donner Lake should attend and especially the home owners. Any summer residents reading this column are welcome to come up for the meeting as it is for everyone living in this area, winter or summer.

* * *

I still haven't scooped everyone and their guests yet. I know that Mr. and Mrs. Tom Bonano and son Mike spent the Christmas at 29 Palms with Jerie's parents, Pop and Mom Myers. They didn't have a white Christmas but they did have a warm one as I hear it is ideal there for suntanning.

* * *

Mr. and Mrs. J. (Hap) Warnke spent the holiday in Oakland with Donna's folks, Mr. and Mrs. Mink.

* * *

I had a card from Arlene Johnson and she said she and Bert and the children would be up for New Year's Eve. I hope to see her and find out more about the Novato Thunderbirds and see if we can get them to perform for us up here sometime next summer.

* * *

Have a Happy New Year and in case I don't see you at the New Year's eve party . . . Happy New Year-

STATE EMPLOYES TO SEEK RAISE IN PAY

SACRAMENTO—(CNS) — The California State Employees' Association has recommended an across-the-board pay raise of 5 per cent for state employes, effective Jan. 1, 1960, with another boost next July.

S. G. Hanson, general manager of CSEA, said its information showed the average state salaries now are more than 7 per cent behind salaries paid for comparable work in private industry and this margin will spread to 10 per cent by next July.

"Because of the lag in state salaries, state employees have, in effect, contributed about $35 million to support of state government during the past 18 months," Hanson said. "Through lost salaries, each employee has already contributed about $400 and will contribute another $200 if the inequity is permitted to continue until next July.

"This is a special kind of tax imposed only on state employees, who in addition pay the same taxes that are paid by other citizens," he said.

SUN ADS GET RESULTS

STATE DRIVERS ARE WARNED TO DRIVE AS STATE PREACHES

SACRAMENTO—(CNS) — Gov. Edmund G. Brown has announced a new program designed to make state employes driving state vehicles practice what the department heads are preaching.

In letters to all department heads, Brown directed them to take necessary steps to train all state employes permitted to use state vehicles in the socalled "defensive driving training" course by June 30, 1961.

"We cannot make that sort of a demand on the ordinary citizen of California if we do not also require that state employes driving official cars observe all the laws and drive safely," Brown said.

Brown said accidents involving state vehicles cost the state $2.5 million a year. Damage claims for injuries to employes, not a charge on the state, cost another $2 million.

The driver training program, on the other hand, will cost between $160,000 and $200,000 between now and June 30, 1961, with only minimal costs of training new employes after that.

The defensive driving system is defined as eliminating any contribution on the part of the state driver to the events leading to an accident. It would require the state driver to:

1. Make allowances for lack of skill and knowledge of other drivers.
2. Recognize he has no control and cannot depend on actions of other drivers, pedestrians or animals.
3. Compensate for conditions of weather, road and darkness.
4. Relinquish his right of way and make concessions to avoid collisions.
5. Avoid accident traps by being consciously alert to traffic.
6 Show courtesy and consideration to the public he serves.

GET WATER

SACRAMENTO—(CNS) — The state water rights board has issued a permit to Edward C. and L. Genevieve McReynolds, of Truckee, for 1,000 gallons of water a day from an unnamed Nevada county spring, to be used for domestic purposes.

BIRTHDATES

Carl Sorensen, Jay Shontz and Judge Harry Charrison are New Year's eve birthday celebrants at Lake Tahoe. We think Jay is the junior of the trio.

DONNER SUMMIT NEWS

By DONNA I. POWER

WEATHER

Al West head of the Central Sierra Snow Laboratory at Soda Springs says that his weather recording instruments show a total snow fall of 20.5 inches during the most recent storm. Monday's reading indicated 16.5 inches remaining on the ground. Temperatures were below freezing until Monday when the high was 34. The lowest temperature recorded was 8 degrees above zero which was on Christmas night. Because of the current high pressure area present, no new storms are expected in the near future. However, the weatherman has been wrong. The lovely blanket of snow began falling Wednesday, December 23 just in time for Santa and his sleigh.

DONNER SKI RANCH

Snows brought many eager skiers to the Donner Ski Ranch this week as well as to other ski areas on the summit. Weekend skiing was good at the ranch with few places left uncovered by the new snow. The Donner Ski Ranch ski patrol is under head patrolmen Don Illrich and Mino Hirata this year, both excellent skiers. During regular week days Ed Aro of Soda Springs will instruct in all phases of skiing. The Donner Ski Ranch will hold its first race this season on January 3. A junior race of five classes will be run as the Yuba-Sutter Junior Invitational Giant Slalom.

MEXICO VACATION

Leaving January 1 for a motor trip to Mexica and Baja, California, are Mr. and Mrs. Howard Dragoo of Big Bend Ranger Station. The couple plans to go by way of Reno and Las Vegas. The couple plans to do some fishing, sight seeing and just resting southern style before their return on January 18.

SUGAR BOWL

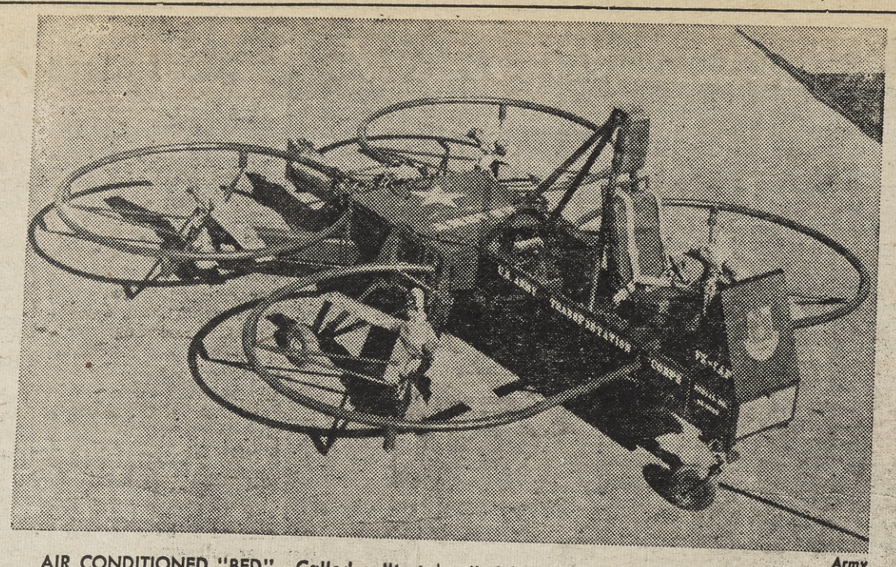
The Sugar Bowl ski area at Norden is honored to announce the expectance of the United States Olympic Alpine Teams who will be their guests between February 8to to the 16th. The teams will be in the area for final training on snow conditions expected to be similar to those in Squaw Valley.

CHRISTMAS

Christmas on Donner Summit 1959 was cold and lovely. Though many feared it would not be, snow did come and it was a white Christmas. Mr. and Mrs. Simmons were in Berkeley with the senior Simmons and Mrs. Ash Toddy's mother. Toddy is recovering from a minor operation and will be home soon. Mr. and Mrs. Dragoo journeyed to San Jose where they spent Christmas with their two sons, their daughter and their families. Mr. and Mrs. Bud Zorich went to Plymouth to be with Mrs. Zorich's parents. Mr. and Mrs. E. B. Power of Lincoln, who are my parents, brought my brother John and came to have Christmas dinner with me on Donner Summit. My brother Burt, who lives with his wife Diane, also came from their home in Weimar. Mr. and Mrs. Vince Lyddane of Soda Springs enjoyed a Christmas visit from Mrs. Lyddanes mother who came from San Francisco. Mr. Harry Pratt enjoyed the company of his wife and daughter Cathy during the Christmas season.

* * *

My sincere wish is that all your dreams will come true in the forthcoming year 1960.



Army

AIR CONDITIONED "BED"—Called a "test bed" by U.S. Army Research and Development, this unique experimental aerial platform embodies the general utility capabilities of the ground based jeep. Designed and developed by Curtiss-Wright's Santa Barbara Division, it is said to meet initial Army specifications which called for a low-flying aerial vehicle that would follow ground contours easily for the purpose of evading enemy observation. Called the "VZ-7 AP," the vertical take-off and landing craft potentially may be adapted to civilian uses such as police vehicles, crop-dusting and forestry work.

Confessions half hour before each mass.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Everyone Welcome
Sunday School: 9:30 a. m.
Morning Services: 11 a. m.
The thought that acknowledgement of one, infinite God, and obedience to His commands, is essential for the spiritualization and salvation of mankind, will be brought out at Christian Science services Sunday.
The Lesson-Sermon is entitled "God." The Golden Text is from Deuteronomy (10-12, 13):
"And now, Israel, what doth the Lord they God require of thee, but to fear the Lord thy God, to walk in all his ways, and to love him, and to serve the Lord thy God with all thy heart and with all thy soul, to keep the commandments of the Lord, and his statutes, which I command thee this day for thy good?"
From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following will be read (228:25-27): "There is no power apart from God. Omnipotence has all-power, and to acknowledge any other power is to dishonor God."

TRUCKEE BIBLE CHURCH
(Non denominational)
Rev. Roy S. Rhoades, Pastor
Sunday School, 9:45 a. m.
Morning worship 11 a. m.
This Sunday is the first in a new quarter for Sunday school teaching material. Many of the boys and girs have joined with our teachers in a clean-up and paint-up program for the basement rooms, so that now we are able to have one more class and therefore provide separate classes for junior and primary age boys and girls.
Mrs. Wayne Sprague is teaching the girls and Dallas L. Hughes is teaching boys. We invite you to visit our Sunday school hour which affords classes for every age group. Mrs. Dallas Hughes is in charge of pre-school children and beginners with the help of Mrs. Roy Rhoades; Norman Handy is the teen-age teacher and the pastor teaches the adult class.

SONS RESCUED
Ricky and Randy, young sons of Mr. and Mrs. John Burton of San Rafael were rescued from their burning home by Mrs. Pauline Howard, along with her son Robin. Mrs. Howard was caring for the youngsters while the Burtons were spending the day at Squaw Valley.

Asparagus is a perennial plant with a fleshy and succulent root composed of round knobs united into a kind of tuber.

Petroleum, cement, natural gas and natural gas liquids are California's most important mineral products, in that order.

NORTH TAHOE

By JUDGE HARRY CHARRISON

A pure white Christmas!

GENEROSITY

The Crystal Bay Club management did themselves proud on Christmas day by declaring a day off so that all could be home on this day of days with their loved ones. Congratulations to them and wishing them a prosperous New Year. May they be paid back a thousand-fold for their generosity.

GREETINGS

Received 200 cards at our house, the half of which were from our friends that are away temporarily, each of which say they receive the Sierra Sun, thereby keeping in touch with doings from their Tahoe homes.

OFF ON VACATION

We are so glad to see Sam and Ruby Faulkner back home after a wonderful holiday. They took off early for Gilman Hot Springs for a few days rest then on to Santa Ana to visit Sam's mother and father, then on the Reseda to spend Christmas with their daughter and family. We hear they had a wonderful time.

PARTY

A wonderful time was had at the Harvey A. Klitzke's home. They had as their house guests the Warren K. Strahms of Sherman Oaks who will move up here August 1 having bought the Sam Harrison's house.

DINNER PARTY

The big climax was a dinner party Saturday night at the Monte Carlo where their famous chef, Paul Adamco prepared a wonderful dinner for them. Their guests were the Harvey A. Klitzke, Jr. and son, Harvey,III. Florine's family, Mr. and Mrs. Leonard Pilcher and her brother Jim of North Hollywood, Bab's brother-in-law, Mr. William Arthur Ellis of Covina who is also going to make his home here after June 1.

NEW

We are happy to greet Mr. and Mrs. Carl H. Long, friends of Robby and Gwen Robinson who will make this their permanent home here in Kings Beach. Carl and Bonnie's two sons were here for Christmas. Carl, Jr. returned to college in Missouri Valley and Ronnie returned to work in Texas where the family previously resided. The boys will return in the summer. Carl and Robby are going into a joint business venture in Kings Beach which will be interesting to the teenagers. Good luck to all of them.

BIRTHDATES

Carl Sorensen, Jay Shontz and Judge Harry Charrison are New Year's eve birthday celebrants at Lake Tahoe. We think Jay is the junior of the trio.

* * *

Happy New Year to you all-

SENDS GREETINGS

Mrs. Matt Green has sent Christmas greetings from the Holy Land, with a view of Bethlehem to her friends at Lake Tahoe and Truckee. Mrs. Green and her late husband formerly owned Tahoe Tavern and her friends in the region wish her happiness in 1960.

Army

LILY DACHE couldn't put more creative effort into designing an original chapeau for milady than U.S. Army Private Kenneth L. Small does in camouflaging his helmet at the Grafenwohr, Germany, training area. Private Small's bonnet may never make the Easter parade but it'll protect him from detection from an enemy. Soldier is a member of the 4th Armored Division, deployed in Europe as part of our "First Line of Defense."

NOVEMBER TRAFFIC DEATHS WERE HIGH

By EDWIN S. CAPPS
CAPITOL NEWS SERVICE

SACRAMENTO — (CNS) — The California Highway Patrol, in a news release which was cleared and announced through the office of Gov. Edmund G. Brown, reported the traffic death toll of 367 persons recorded in November was the worst month since December, 1956, and the worst November since 1946.

The November highway carnage brought the 1959 total to 3,236, as compared to the total for the same period of 1958 of 3,156.

Brown's news release did not mention these figures and the fact that the 1959 death toll once again had climbed ahead of that for last year. An aide at the CHP said their story was sent to the governor's office as they felt this might be an announcement he would want to handle.

Announcement of the grim record for November came only a month after Brown had taken credit for his administration with the saving of 350 lives through a "get tough" policy of driving law enforcement. It includes automatic six-month license suspensions on first conviction of drunk driving and lesser suspensions for two serious traffic violations within 12 months.

On Oct. 30, Brown announced the traffic death toll two days earlier had stood at 2,830, a drop from 2,839 on the same day of 1958. He said the traffic death rate had been running 12 per cent ahead of 1958 until the "get tough" policy was inaugurated in April.

"That means there are 350 people alive that wouldn't have been alive if we hadn't done something drastic," Brown had said.

According to his calculations the 350 "saved" lives was reduced to only 308 by the end of November.

Under favorable conditions some species of bamboo reach a height of more than 100 feet.

The first natural gas well in the United States was drilled near Fredonia, N. Y., in 1821.

The California State Beekeepers Association, with headquarters at Fullerton, was organized in 1892.

Tips on Touring

By Carol Lane
Women's Travel Authority

No Mystery in Mufflers

If you are one of the millions of women responsible for the family car, chances are your service station dealer will someday tell you the muffler should be replaced.

When he does this, turn off your feminine skepticism and take his advice. The muffler helps keep the engine quiet and carries motor exhaust to the rear of the car. After long use it may develop leaks. Result: noise and possible health hazard.

Understand the problem and you see why the solution makes sense.

The car exhaust contains carbon monoxide. Like many other substances, it is poisonous if breathed in sufficient amounts. In its pure form, it is colorless, odorless, tasteless and non-irritating. It is dangerous because it keeps blood from carrying its normal load of oxygen.

On long trips, stop every couple of hours for a stretch in the fresh air.

Always keep an air vent or window open—at least a little.

In a station wagon, never leave only the back window open—exhaust can be sucked into the car.

Don't snooze in a car with the motor running.

Don't carry pets in the trunk compartment.

If your engine becomes noisy—especially if it rumbles when idling—have the muffler and tail pipe checked. Your Shell service station will be glad to do this, every time he has your car up on the rack for lubrication.

TRIPLE CHARGE FOR PARKS IS PROPOSED

SACRAMENTO—(CNS) — Legislative Analyst A. Alan Post has recommended tripling of charges for park services and concessions in the state division of beaches and parks and divorcing the program from tideland oil royalty revenues.

Post told the joint legislative budget committee the division now has reached the point where its operational costs take all the income it receives from oil royalties under a formula. This leaves nothing for acquisition of new properties or development of existing projects. Post said the steadily increasing operational costs now will begin to outstrip the total revenue.

The plight of the division is reflected in a $14 million deficit in the development and acquisition program.

"The division of beaches and parks has now reached a point at which either there must be a drastic reduction in its operating costs and almost total curtailment in additional acquistions and development in order to stay within the present revenue structure for this organization, or a new or expanded source of revenue must be developed," Post said.

Post said revenues from park service fees run just over $1 million a year and amount to less than 15 per cent of the maintenance and operation costs of the system.

"We suggest that this is a totally unrealistic relationship," Post said. "We believe that serious consideration should be given to substantial fee increases; which would return at least 50 per cent of the total cost of operation."

In addition, Post recommended all oil revenues should be placed in the general fund and the Division of Beaches and Parks should be supported from that fund rather than its present special formula fund.

PHONE GIRLS WILL USE LANGUAGES IN OLYMPIC CONTESTS

Seven girls who are able to speak as many languages will help foreign visitors place calls from Squaw Valley during the Winter Olympics, E. J. Bean, Pacific Telephone manager, said today.

Four of the girls speak French, the official language of the games. Five speak German, two Italian, and one each, Russian, Swiss and Spanish. All speak English.

"The girls have a wide range of telephone experience and were espcially screened for duty on the basis of charm and poise as well as their ability to speak at least one foreign language," Bean said.

He pointed out that one of the girls, Mrs. Hannalore Whittle, now of Napa, is a native of Germany who studied to be a war trials interpreter following World War II. She speaks German, French and Russian, in addition to English.

She learned Russian when she was conscripted to dismantle factory equipment for shipment to Russia when the Soviet forces moved into Berlin at the end of the war. She later was permitted to move to the allied sector of Germany. Her parents and other relatives are still there.

Another girl, Miss Jane Reed of Lodi, originally intended to become a language teacher. She studied French, Spanish, and Italian at Sacramento State College before deciding that she didn't want to teach. She joined the phone company following her graduation in June.

Miss Lois Blackmore of Monterey learned to speak German while living in that nation over a four-year period when her father was stationed there. Her father, since retired, is a former Army chief warrant officer.

French-born Janie Brauen, a commercial stenographer for Pacific Telephone in San Francisco, speaks French, German, Swiss and has an understanding of Italian.

She learned the latter language while separated from her parents for three years during World War II. During that time, she lived with relatives in southern France, where Italian is used frequently.

Mrs. Elsie Mason learned Germann as a child from her German-born parents and Miss Virginia Wyatt learned her French at Santa Rosa High School. Both are from Santa Rosa.

Miss Bessie Lehman, of Lodi, also learned German from her parents. both of whom are from Germany.

A Marysville phone supervisor, who has served in various Lake Tahoe area offices, has been selected to head the multilingual staff.

She is Miss Dolores Townsend, a service advisor in the Marysville office.

The girls will be employed in two telephone centers in the Valley.

One is in a special trailer housing 10 public phones. The other is in the Athletes' Center, where six booths are provided.

The centers are part of a $1,500,000 communications network designed to accommodate press, radio and television as well as public needs.

SOROPTOMISTS HOLD CHRISTMAS PARTY

CRYSTAL BAY—A Christmas party was given by the Soroptimist Club of Lake Tahoe on December 22 at Crystal Bay Club. The members, Soroptimisters and guests enjoyed dinner, dancing and punch.

A Lane hope chest, filled with linens, was awarded to F. B. Sederberg of Tahoma, while a portable TV went to Earl Nelson of Kings Beach and a transistor radio to Mrs. Marie Henry of Tahoe City.

TRADE WINDS OPEN FOR SKIING SEASON

KINGS BEACH — The popular Trade Winds, operated by Joe Ross and assisted by his brother, Jack, is opening for the winter months, Friday.

The establishment will feature the usual Cantonese and American foods with privileges of taking orders out. Both the dining room and cocktail lounge are opening, Ross announced.

ROAD SIGNS POINT TO SQUAW VALLEY

AUBURN—Alan S. Hart, district highway engineer, has informed Placer County supervisors that 62 directional signs are being installed to direct visitors to the Winter Olympic Games at Squaw Valley in February.

"Wonderful Food"

"And I thought I was a good driver . . ."

A really good driver never takes anything for granted! Every driver should expect the unexpected and be prepared to react fast. Quick thinking in a pinch is a lifesaver. So don't take anything for granted. Overconfidence can dull the sharpest reflexes. Many of the 37,000 people killed on our highways last year might still be alive if good drivers never relied on chance. Drive as though your life depended on it—it does!

Where traffic laws are strictly enforced, deaths go DOWN!

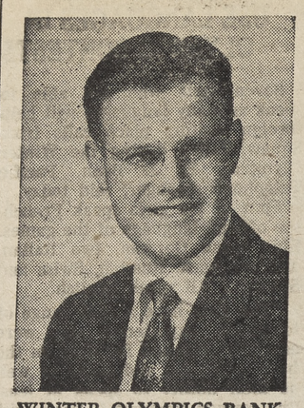
Bank Manager



WINTER OLYMPICS BANKER—To assure swift international banking accommodations at the VIII Olympic Winter Games Feb. 18-28, Bank of America will open a temporary branch at Squaw Valley in mid-January with Lee Apple (above), manager of the bank's Truckee office, in charge. The first Olympic site bank ever, it will be manned by multilingual bankers providing all banking services except loans.

BANK OF AMERICA READY TO SERVE AT OLYMPIC SITE

SQUAW VALLEY— Francs. Pounds. Kroner. Lire. No matter how it's pronounced, the universal language of money will be spoken fluently at the 1960 Olympic Winter Games.

To assure smooth sledding for foreign currency exchange, the "Olympic Games Facility" of the Bank of America, which will serve the Olympic participants and public at Squaw Valley will have a staff of multi-lingual bankers backed up by the accommodations of a world wide banking organization.

"We will give the public and those taking part in the games any and all banking services, with one exception," states Vice President Roland T. Duncan, the bank's administrative officer for operations.

"All the normal services such as handling traveler's checks, money orders, cashier's checks, exchange and the like will be offered. However, we won't make loans.

"Actually, our bank is providing this facility as a goodwill gesture and the temporary office may operate in the red."

The bank, located in the reception center, has an opening target of January 15, about a month before the games' dates, Feb. 18-28. It will close about March 15, after having accomplished another Olympic Games first, being the only time in games history that a bank has been set up on the Olympic site.

Present plans call for seven bankers at the Olympic Village bank, suported by the staff at the Truckee branch of Bank of America and supervised by Lee Apple, manager at Truckee. There will be three windows for the general public and three for athletes and games officials.

Several of the bankers will be familiar with international banking procedures and will be multilingual so that languages should not present any barrier.

Teams from foreign countries need not worry about exchanging their currency for U. S. money whether it be rubles, kroner, rupees, yen, pounds or what have you.

"Many of the foreign teams are making arrangements to have funds on deposit here with us so their athletes and officials can draw whatever they need," says Duncan.

"For those who don't, we'll meet any reasonable request made. Say a German athlete runs short of cash and wants to draw from his account in Garmisch. All he does is come to our bank. We phone our international banking department in San Francisco. They in turn cable the correspondent bank in Germany, where the transfer is made and notify us after completion. And in about 24 hours the German's funds have been replenished.

"After the games, if visitors want to re-convert the U. S. money we'll be able to do that, too."

For the public, as well as athletes, Duncan suggests that they keep in mind the following, if they want fast bank action:

1. Use traveler's checks. These are self-identifying and accepted without further identification upon signature.

2. Use traveler's letters of credit. These are documents upon which money drafts may be drawn. They are issued by any bank and serve as a letter of introduction. They may be purchased at any bank and are honored by banks everywhere.

3. Have adequate personal identification such as credit and courtesy cards, bank pass books or documents with signature and photo.

Duncan suggests that all of the aforementioned will make it easier for persons to be accommodated by the bank and facilitate matters all around.

"You know, we want to be as helpful as possible within the framework of normal banking procedure. We don't want to cause any undue delay in service for anyone."

The bank will be open to the public from 10 a.m. to 3 p.m., the athletes 10 a.m. to 5:30 p.m. and the organization committee and concessionaires from 8:30 a.m. until 5:30 p.m. six days a week.

While there won't be any safety deposit boxes there, should anyone desire same, they are available at the bank's nearby branches in Truckee and Bijou.

The Olympic Mountains on the Olympic Peninsula of Washington, attain an elevation of more than 8,000 feet.

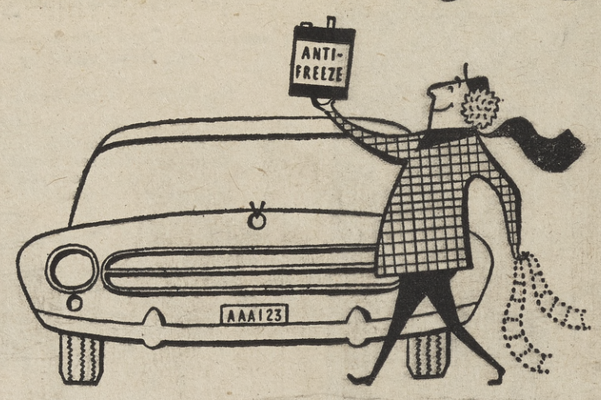
Winter Driving Tip



Before driving into the mountain snow country, have your car "winterized." The California State Automobile Association advises motorists to do the following to avoid mechanical difficulties: (1) add anti-freeze to the cooling system; (2) check battery efficiency for sub-freezing starts; (3) carry tire chains; (4) check operation of heater and defroster; (5) check wiper blades; (6) check operation of voltage regulator; (7) check exhaust system for leaks.

TAHOE WEATHER

TAHOE CITY—The recent storm brought six inches of new snow to Tahoe City and because of the cold weather, much of it remains on the ground. The temperature has ranged from a cool 16 to a high of 37 during the week. With seven gates partly open, the level of Tahoe Monday stood at 6225.09 feet, provisional and subject to revision.

The Mayflower Society was organized by descendants of the ship's passengers in December, 1894.

AFFAIRS OF STATE
by Henry C. MacArthur

SACRAMENTO —(CNS)— One of California's outstanding ventures in the field of education is the California Maritime Academy, which is located at Morrow Cove, Vallejo, and is engaged in the process of turning out officers for the Merchant Marine.

The academy, which started in 1929, has assumed an international character over its 30 years of operation, according to the latest report of the state department of education, under whose supervision it functions.

The report states that a number of foreign countries have sought advice and information toward establishing similar institutions in their own countries. These include Japan, Sweden, Korea, Thailand, Denmark, and Formosa.

The inquiries attest to the quality of graduates of the academy, as some of the inquiring countries have been in the maritime business for centuries prior to the establishment of the United States itself, like Sweden and Denmark.

Reports from the academy, which is headed by Henry E. Richter, retired captain of the United States Navy, indicate that high school, junior college and college graduates from nearly every state in the union have applied for information concerning the entrance requirements.

At the present time, there are thirteen states represented in the academy's enrollment, and more states would be represented if the facilities were increased.

Gradually, the state has recognized the need for turning out young men who are capable of entering the merchant marine as junior officers. Imports and exports continue to be a growing business, with world trade increasing by leaps and bounds.

Some years ago, there was a move on foot to combine the education offered at the academy with the University of California, but this move was halted by the state legislature which decided the academy should be a separate institution. Since that decision, and under the guiding hand of State Senator Luther E. Gibson of Solano County, the legislature has made modest appropriations increasing the facilities at the academy.

At the present time, a $548,000 engineering building is under construction. Evidencing the up-to-dateness of the academy, the building is being designed so that it can be used eventually to instruct prospective officers in atomic ship propulsion, which is the newest thing in shipping and probably will some day be considered as revolutionary as the transition from sail to steam.

The academy is operated on a practical basis, with instruction in actual, as well as theoretical operation. It operates the ship "Golden Bear", a vessel owned by the United States government but on loan to the academy.

This vessel makes a cruise annually to some part of the world and students get first hand training in the operation and handling of a cargo vessel.

All in all, the academy becomes more of a credit all the time to the field of practical education in California.

Figure skating, one of the most beautiful of Olympic events, will take place in the magnificent 8,500 seat Ice Arena, theme building for the 1960 Olymic Winter Games, and the first event begins today, December 31 through January 2. Tentative entry lists indicate there will be 44 competitors in ladies' figure skating, 41 in men's, and 12 teams in pairs figure skating. If America's 1956 ladies' gold medal winner, Tenley Albright, attempts to defend her crown, it will set up a tremendous individual duel. She'll have to be better than ever to whip Carol Heiss, also of the U. S., who, as a teen-ager finished second to Miss Albright in 1956. Accorded a fine chance to win the gold medal in men's figure skating is David Jenkins, youngest brother of 1956 champion Hayes Jenkins. David finished third in 1956.

Renewal Period Is Started For Autos

Renewal of commercial vehicle registration for 1960 is currently under way in field offices of the department of motor vehicles throughout the state.

Statement cards for trucks and trailers were mailed shortly after Dec. 1 to a million and a half registered owners. Private passenger car statements will be mailed by DMV on December 28 in a bulk quantity of 6,500,000. for the regular auto renewal period which extends from Monday, January 4, through Thursday, February 4.

Department officials emphasized two requirements of law that now affect applicants for 1960 auto registration.

Any person who acquires a vehicle by transfer during December is required by law to pay the full registration fees for the following year.

Any applicants for registration of commercial vehicles on the quarterly basis for 1960, are advised to apply for this option at DMV field offices early in the holiday season. This installment fee plan is available only if applied for on or before January 5, for owners of currently used vehicles subject to weight fees. The New Year's holiday weekend reduces the business days of the application period to two days only, January 4 and 5. DMV field offices will accept quarterly option applications through the last ten days of December.

Registration service will be available at 150 full or part time DMV offices and at 100 auto club offices throughout the state for their members. Beginning Jan. 4, 145 temporary bank stations will handle simple renewals on autos, trucks and trailers, requiring presentation of fees with comlete 1960 punched cards. The bank stations are principally in metropolitan areas, and will discontinue service at close of business, Thursday, February 4.

Up For Christmas—

Mr. and Mrs. Richard Arington of San Francisco were here to spend Christmas with her parents, Sergeant and Mrs. Frank Snyder. Arington is associated with Dean Witter and Co.

SUMMIT GROUP WILL AID IN PAGEANTRY

A group of Donner Summit resort owners are cooperating with the pageantry directors of the 1960 Olympic Winter Games to have the Olympic torch carried through the snow fields of that area by young cross country skiers recruited from the Sierra Nevada Interscholastic Ski Federation. The group is headed by Mrs. Frances Couillard.

Coordinators of the project are Eugene P. Goodrich, athletic instructor of the Tahoe Truckee High School and Joseph Z. McEveedy, a member of Walt Disney's pageantry staff at Squaw Valley.

Other active workers include Bill and Dorothy Cannon, Soda Springs Lodge; Elmo Moriano, Beacon Hill Lodge; Max Williamson, Soda Springs Ski hill; George Gangler and Clyde Burkey, Donner Summit Lodge; Norm Sayler, Donner Ski anch; Leo Quinn, manager of the snow removal maintenance station at Donner Summit; Lola and Kirby Schull, Kitski Lodge; John O'Rear, Sugar Bowl; Dick Read, Plavada ski run, and Milt and Maggie Avila, Rainbow ski slopes.

Plans call for the Olympic flame to be carried by the high school skiers from snowline near Rancho Sierra at Carpenter Flat to Donner Summit, the route to parallel that of the old Donner trail memorial 25 mile marathon organized in 1959 by Mrs. Couillard and which has been run nine times and attracted top competitors from many nations.

Mrs. Couillard said that under tentative planning the flame will reach Soda Springs at dusk of February 17 to touch off a gala celebration by all mountain folk, with old time residents and ski veterans lining Highway 40 for a half mile to hand relay the flame before passing it along to another high school ski runner. The flame then may rest overnight at Donner Summit and, in the event of fair weather, later would be airlifted by helicopter to the summit of Little Papoose Peak, where Olympic ski veteran Andrea Mead Lawrence will be waiting to carry it down into Squaw Valley.

India exports about half of its production of jute burlap to the United States.

FAMILY REUNION IS HELD BY O'BRIENS AT HOME AT TAHOE

KINGS BEACH — O'Brien's Lodge was jumping over the Christmas holidays as relatives gathered from three states to join a family reunion at the O'Brien's home in Kings Beach, Lake Tahoe. The event was in honor of their mother, Dollie C. Arnold who has just recently celebrated her 80th birthday. It was the first time all of the Arnold children had been together for 27 years.

Joining the group from Oregon were Mrs. O'Brien's sister, Mrs. Frances Throne, son, Marvin, and friend, Miss Dorothy Warren. A brother and sister-in-law, Kenneth and Dorothy Arnold and their daughters Noreen and Maxine. Also their son, Ralph and his wife, Donna, from Idaho.

From Ventura Charles and Cynthia Arnold and their sons, David and Earl. From Long Beach, Harold and Maurine Arnold and their two boys, Steve and Phil. Also present were two cousins of the clan, Clifford and Sylvia Moore of La Verne Calif. At home as hosts were Boru and Dorothy Arnold O'Brien and their daughter and son-in-law, and Barbara and Manny Moore, and grandson Billy Larson.

Since a white Christmas had been promised in advance they were fortunate indeed when the rain turned to snow on Christmas Eve. For most of the group it was the first white Christmas they had ever seen. As the party broke up late Sunday, all promised to return to Tahoe before another 27 years have passed. The O'Briens hope they all keep their promise.

NEW BUS LINE FOR LAKE TAHOE AREA

CRYSTAL BAY — Veldon Brown manager for the Las Vegas, Tonopah, Reno Stage Lines, announced at a meeting of the Rotary Club of North Lake Tahoe that his company was inaugurating a line to include North Lake Tahoe, Carson City and Reno.

Brown outlined the schedule for the new service which will make connections with the Greyhound lines and which will serve the lake as far as the state line.

He asked for and received a number of suggestions from the Rotary members. A freight and parcel service will be available, he told the club.

WEST IS SPEAKER AT MEETING OF LIONS

Al West, with the snow laboratory crew, showed slides and gave an interesting talk on his work at last week's meeting of the Truckee Lions Club.

Because of the holidays, the attendance was small. Guests included John Hostetler of Reno and Bob Coates of Freemont. Slim Thompson presided.

From Millbrae—

Miss Olga Owens a Millbrae teacher is visiting her mother, Mrs. Lawrence Owens and Miss Mary Tonini who is teaching school at Colorado is vacationing with her parents, Mr. and Mrs. Elden Tonini.

Here For Weekend—

Mr. and Mrs. Douglas Barrett and daughters, Kathryn, Sheila, Phyllis and Patricia spent the weekend with Mr. and Mrs. Robert Leamon and Mr. and Mrs. Walter Barrett.

There are 275 wineries in California.

MORE US 40 FREEWAY OPENED NEAR BAXTER

Effective today the six-mile portion of new eastbound lanes on U. S. 40 freeway in Placer County —from near Drum Forebay overcrossing, about 2.5 miles east of Baxter, to near Emigrant Gap— recently opened to two-way traffic on a temporary basis, will be opened to eastbound traffic only. The adjacent old road will be reopened to give two lanes of westbound traffic.

The announcement came from E. H. Whitnack, resident engineer for the state division of highways, who said the move will provide motorists six additional miles of four-lane highway between Sacramento and the state line—91 miles out of a total of about 120.

The segment covered in today's announcement is part of the 7.8-mile four-lane freeway project under construction from 0.7 mile east of Baxter to 0.6 mile west of Emigrant Gap, and will remain open on a four-lane basis throughout the winter.

Upon resumption of the spring construction season, about April 1, the old road will again be closed for grading preparatory to construction of new westbound lanes which will substantially follow the present route. At that time, traffic will again be confined to two-way movement over the six-mile segment.

Currently it is expected the entire project will be completed in September 1960, depending on weather.

SCHOOL HERE GAINS FROM FOREST FUND

At the December meeting of the Nevada County Board of Education distribution of forest reserve moneys was voted and the Nevada County portion of the Tahoe Truckee Unified School District received $9,737.69.

This compared to $6,063.89 received from the same source last year.

The distribution totaled $32,768.35 as against $20,654.50 for 1958, a gain of approximately $12,000 for the entire county. The money came from the Tahoe National Forest and Toyabe National Forest, with the latter providing only $10.88 to Tahoe's $32,757.46.

The money is allocated to school districts within the national forests who share in a portion of the receipts from timber sales and other fees set up by the Nevada County formula.

MAN IS SENTENCED FOR WRONG STORY

Ralph Edwards pleaded guilty to a charge of giving false information to officers and was given a 30-day suspended sentence and placed on three years probation when he appeared before Judge Fosten Wilson in the Truckee justice court. Edwards caused a bit of confusion by "identifying" the slayers of Roger Touhy of Chicago, and causing the local and Reno officers to spend considerable time running down unfounded reports.

MALCOLM HARRIS IS NEW LIQUOR CHIEF

SACRAMENTO—(CNS) — Gov. Edmund G. Brown has announced the appointment of Malcolm E. Harris, career man in state service, as director of alcoholic beverage control.

Harris' appointment to the $17,325 a year post is subject to confirmation of the state senate.

Harris succeeds Thomas W. Martin, who was scheduled to resign January 1 to resume his private law practice.

Harris, 42, was appointed deputy director of the department when it was formed in 1955, following the liquor reform which saw alcoholic beverage control divorced from the state board of equalization. He served as deputy under the original director, Kenneth Leitch.

When Leitch resigned the post because of illness, Harris took over as acting director and actually set the department into operation.

Later, Russell S. Munro was named director and Harris became his deputy. These appointments were made by Gov. Goodwin J. Knight.

When the administration changed this year, Harris was named to be the deputy under Martin.

Harris began his state service in the department of corrections in 1941. Except for military service from 1943-46, he served with that department until 1951, when he became division chief of the defense mobilization service in the department of veterans affairs.

Although he is a Democrat, Harris joined the secretarial staff of Knight in 1953 and served on that until his appointment to the ABC department at the beginning of 1955.

Harris is married and has five children. He lives in suburban Sacramento.

HEAVY LOSSES FROM FIRES IS REPORTED

California forest fire losses have reached nearly $60,000,000 so far this year, federal and state agencies reported yesterday.

The United States Forest Service said timber and watershed damage on federal land totaled $55.8 million and the state division of forestry set losses at $4,164,411.

However, a state official said losses on state lands are still being computed and he expected the figure to rise before the year's end. Also, the state figures do not include watershed ruin.

RAGLAN SLEEVE PULLOVER BY White Stag

From the ski slopes of Italy comes this bulky-look sweater, fashion-touched by raglan sleeves that meet at a slightly pointed crew neck. 100% wool, of course, in a heavy novelty knit. Full fashioned. Hued to match White Stag's ski pants. Sizes: S-M-L

$19.95

Worn with White Stag "Ski-Lastic" pleatless stretch pants of wool and Helanca fabric imported from Austria.

$39.95

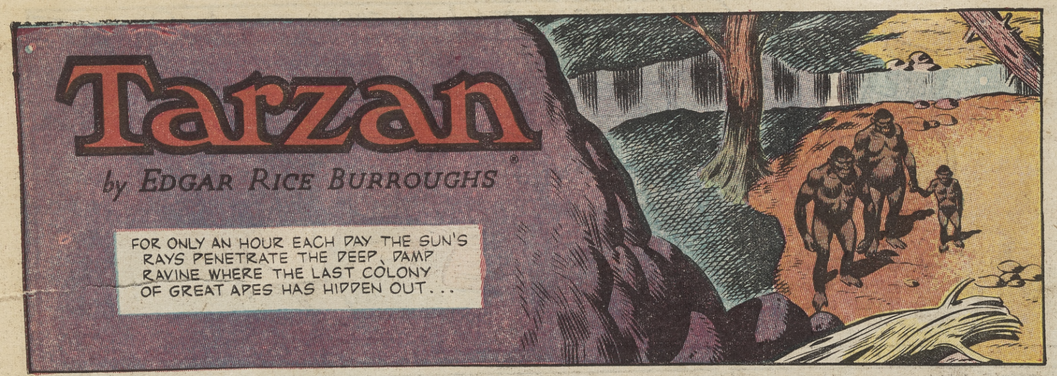
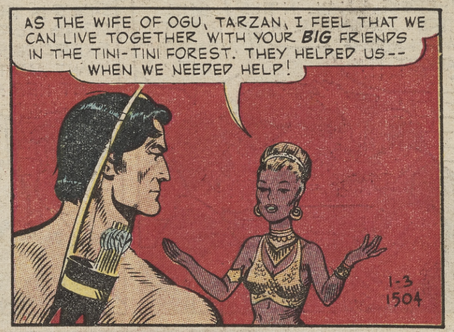
Tarzan

by EDGAR RICE BURROUGHS

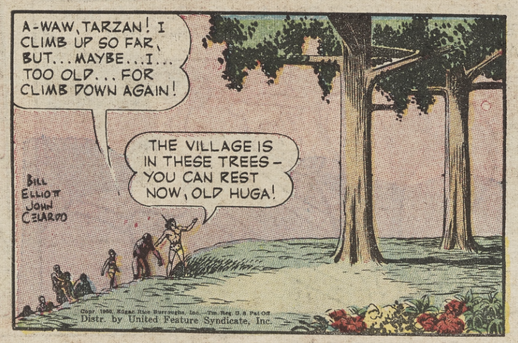


TARZAN WANTS HIS FRIENDS, THE BIG THINGS, TO LIVE WITH US - IN OUR TINI-TINI FOREST...
AI AI, WIFE-OF-OGU! THEY SAVED US!
OUR MEN MUST AGREE!



AS THE WIFE OF OGU, TARZAN, I FEEL THAT WE CAN LIVE TOGETHER WITH YOUR BIG FRIENDS IN THE TINI-TINI FOREST. THEY HELPED US -- WHEN WE NEEDED HELP!
1-3
1504

AND SO THE LAST COLONY OF GREAT APES BEGINS ITS MIGRATION -- TO THE HIGH FOREST OF THE TINI-TINI PEOPLE.
WE HAVE A BIG MOUNTAIN TO CLIMB, EVERYONE - STAY CLOSE TOGETHER!



A-WAW, TARZAN! I CLIMB UP SO FAR, BUT... MAYBE... I... TOO OLD... FOR CLIMB DOWN AGAIN!
THE VILLAGE IS IN THESE TREES - YOU CAN REST NOW, OLD HUGA!
BILL ELLIOT JOHN CELARDO

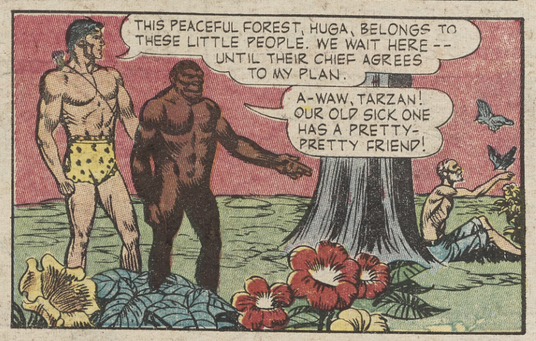
Distr. by United Feature Syndicate, Inc.



THIS PEACEFUL FOREST, HUGA, BELONGS TO THESE LITTLE PEOPLE. WE WAIT HERE -- UNTIL THEIR CHIEF AGREES TO MY PLAN.
A-WAW, TARZAN! OUR OLD SICK ONE HAS A PRETTY-PRETTY FRIEND!

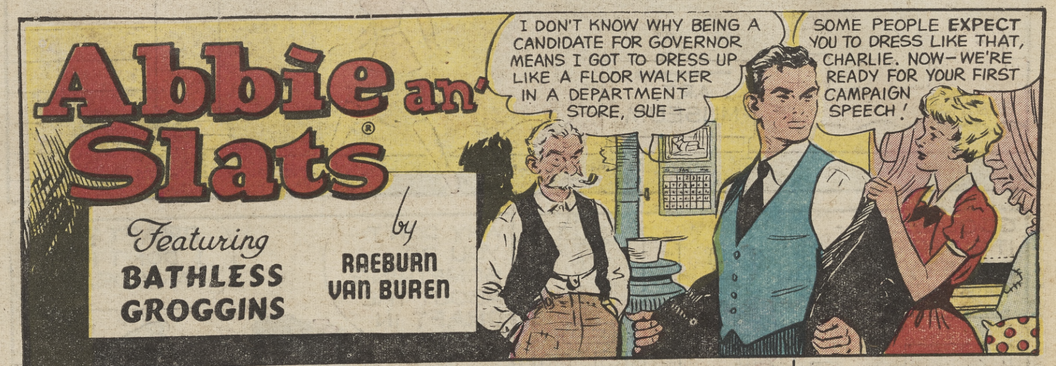
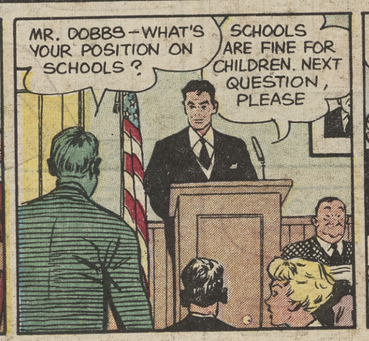
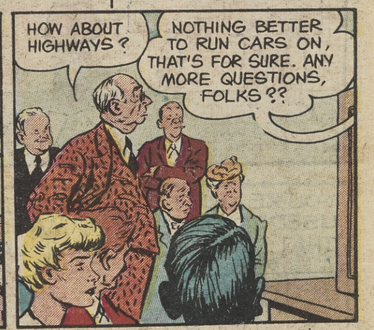
Featuring BATHLESS GROGGINS

by RAEBURN VAN BUREN



I DON'T KNOW WHY BEING A CANDIDATE FOR GOVERNOR MEANS I GOT TO DRESS UP LIKE A FLOOR WALKER IN A DEPARTMENT STORE, SUE -
SOME PEOPLE EXPECT YOU TO DRESS LIKE THAT, CHARLIE. NOW - WE'RE READY FOR YOUR FIRST CAMPAIGN SPEECH!





WELL, HOW WAS I, SUE?
YOU WERE - IMPOSSIBLE, UNBELIEVABLE - FANTASTIC!!

Archie

by BOB MONTANA

BY MISTAKE ARCHIE HAS TAKEN THE JET TO ROME IN PLACE OF VERONICA'S FATHER, MR. LODGE!

ALL OUT, SIR!

HELP! SOMETHING HAS HAPPENED TO MY LEGS!! I CAN'T GET UP!

UNFASTEN YOUR BELT!

B...BUT MY PANTS WILL FALL DOWN...

YOUR SEAT BELT!

OH!

GOSH! HERE I AM IN ROME! IT'S LIKE A DREAM!

SIGNORE ARR-CHIE?

DC-8

PLEASE! THIS WAY!

GEE!

BOY! THEY'RE TREATING ME JUST LIKE I WAS MR. LODGE!

WOW!

PLEASE... IN HERE!

I'M A BIG WHEEL!

AH! SIGNORE ARCHIE! SIGNORE LODGE CABLED YOU WERE ARRIVING!

© 1960, Archie Comic Publications, Inc.

YOU HAVE THE BRIEF CASE OF SIGNORE LODGE?

YES, SIR!

MUCH THANKS.... AND NOW PLEASE THROUGH HERE!

The Captain and the Kids

SO DOT'S "DER SPRAY"!

LOOKS LIKE A CAN OF SHAFING CREAM! HOW DOES IT VORK?

I WISH I KNEW! THEY FORGOT TO SEND THE DIRECTIONS!

by R. DIRKS

1-3

HOW CAN "THE SPRAY" GET ME BACK TO VENUS WHEN I DON'T KNOW HOW TO OPERATE IT?

HMM...

VHY NOT GIFF DISS BOULDER A SQUIRT UND SEE VOT HAPPENS?

GOOD IDEA! BUT STAND BACK... THEY SAID IT COULD BE DANGEROUS!

POOF!

POO, VOT A FLOP!

CHUST A BUNCH OF BLUE SMOKE!

NO EFFECT AT ALL, AS FAR AS I CAN SEE!

VOT NEXT? LIGHT IT?

OR TAKE A SNIFF?

IF ONLY THOSE DOPES ON VENUS HAD SENT THE INSTRUCTIONS...

DOPS?

LOOK, DER BOULDER!

WELL, I'LL BE...

LIGHT LIKE A PING PONG BALL!

HEY, PENNY — WAIT UP!

WHAT'S THE BIG IDEA OF RUSHING AHEAD OF ME LIKE THAT?

B'CAUSE I WANNA GET HOME BEFORE YOU DO!

WHY? SO'S YOU CAN TELL MOM ALL THE THINGS THAT HAPPENED IN SCHOOL?

MAYBE — AND I DON'T WANT YOU TO BE A BUTTER—INNER WHEN I TELL HER.

SOMETHING WONNERFUL HAPPENED IN SCHOOL TODAY, MOM.

REALLY? TELL ME ABOUT IT.

WELL—THE BOYS VOTED ME THE PRETTIEST AND SMARTEST GIRL IN OUR ROOM.

HOW NICE! THAT MAKES ME VERY HAPPY.

AND THAT'S NOT ALL—TELL HER HOW THE GIRLS VOTED, PENNY.

I WILL NOT! WHO CARES ANYWAY?

THEY MUST'VE CARED A LOT— THEY VOTED YOU THE MOST STUCK-UPPEST!

Pete Winter
